

Announcement

**Encore Health Network is excited to announce
The Launch of the Encore Workers' Compensation PPO
Effective September 1, 2011**

(Indianapolis, IN) Beginning September 1, 2011 Encore will launch the Encore Workers' Compensation PPO to Payers and Employers in strategic geographic markets statewide.

**Encore Health Network will offer best pricing and even exclusive access to
many providers for payers and employers accessing the
Encore Workers' Compensation PPO**

Encore's local presence and ownership (via IU Health, Community Hospitals and Deaconess Hospitals) will give payers and employers an alternative to national work comp networks as well as a network partner that understands the Indiana market. Encore understands the importance of offering payers and employers access to high quality, cost effective care that positively impacts the medical component of a workers' compensation claim.

Encore continues to *Deliver Unique Value to Your Bottom Line*. Workers' Compensation PPO payers now have excellent choice and strong savings in Indiana through Encore. Encore also offers additional options to payers and employers via its Encore and Encircle products for Employer Group Health plans. **You can choose which product is right for you.**
